In house graphic designer, focused on delivering supporting materials for mode's client documents.

Sectors:

Residential

Education

Commercial &
industrial

Mixed-Use

Public sector

Arthur Springthorpe

Arthur is a crucial member of the mode team, providing visual materials to support projects.

Before mode, Arthur was an office cleaner for a year after graduating from Coventry University to which he studied Automotive Design. During that year of being an office cleaner, Arthur continued to work on his design portfolio before landing the job at mode.

He is responsible for creating a wide range of material for mode and clients, including promotional material and travel packs. In terms of his automotive design work, his designs have been featured on many websites, including Top Gear to name one. In his spare time, you'll most likely find him in the garage tinkering with his cars or hanging out with his fellow car enthusiasts.
