Magazine Point

55,000sqft of employment units on a site off Riverbank Road.

mode was tasked with collaborating with Wirral Council Highways to conduct a sustainable accessibility review. This includes a comprehensive analysis of HGV, car, and cycle parking strategies, along with an examination of car parking provisions. The project involved designing site access and conducting a trip generation review. Additionally, an off-site junction capacity analysis would be conducted, as well as a swept path analysis. Finally, the completion of a detailed transport assessment report is part of the project requirements.

Specifically, this work involved:

- + transport assessment/statement
- + travel plans
- + accessibility studies
- + parking studies
