Jonathan Ogado

MPlan (Hons)

Graduate Transport Planner

Jonathan undertook a planning degree, picking up experience with Geographic Information Systems. This is now being put into practice to analyse and visualise data.

Sectors:

Residential

Retail

transport planning

Jonathan Ogado

Graduate Transport Planner, Jonathan Ogado, graduated from the University of Sheffield.

Jonathan graduated with a master's in urban studies and planning. This degree included a year in industry at TfL, during which time, he gained experience with planning obligations and policy.

Since joining mode, Jonathan has been involved in various projects, gaining experience in construction logistics plans, travel plans, transport statements and transport assessments.

He is very interested in big transport projects and looking at the feasibility and viability of different options and which ones to take forward. He is also looking at developing his understanding of the economics of planning.

Outside of work, he enjoys going to the gym and swimming, multiple times a week. He is a big Manchester United fan. And he enjoys experiencing new places.
